Supplement to

Management Services in Government

May 1976 Volume 31 Number 2

Computer Installations for Government Departments

Civil Service Department,
Central Computer Agency

Preface

Information about computers used by Government Departments for administrative and general, and scientific and technical purposes is published annually with the May issue of MANAGEMENT SERVICES IN GOVERNMENT; particulars of further orders are given in other quarterly editions.

Details of computers for administrative and general purposes installed and on order at 1st January 1976 are shown in Tables 1A and 1B, and similar information about computers for scientific and technical purposes is given at Tables 2A and 2B. Computers for scientific control systems and flight simulators are not included.

A computer for inclusion in these tables must:

(*a*) Operate under stored program control and use wholly digital representation.
(*b*) Cost at least £10,000.
(*c*) Not form part of processor-controlled keying equipment.

The total of computers installed for administrative and general purposes is 136, and a further 19 are on order. Corresponding figures for computers installed for scientific and technical purposes are 143 and 14.

Keys to the abbreviations used under 'Department' (*column* 2) and 'Manufacturer' (*column* 5) are included at the last page.

1A Computers for administrative and general purposes installed in Departments before 31st December, 1975
